

Assignment: Mini Dataset Create Karna

Topic: Students Performance Mini Dataset

Mini Dataset Kya Hota Hai?

Mini dataset chhote size ka data collection hota hai jisme kuch records aur unki information hoti hai. AI ya machine learning ko samajhne aur practice karne ke liye mini dataset use kiya ja sakta hai.

Dataset

Student	Study Hours	Attendance %	Previous Marks	Result
Ali	5	90	78	Pass
Ayesha	7	95	85	Pass
Bilal	2	70	52	Pass
Hina	1	60	38	Fail
Usman	6	88	80	Pass
Sana	3	75	55	Pass
Hamza	1	55	35	Fail
Zainab	8	98	91	Pass

Columns Ki Wazahat

- Student: Student ka naam.
- Study Hours: Student roz kitne ghante study karta hai.
- Attendance %: Student ki class attendance percentage.
- Previous Marks: Pichlay exam ke marks.
- Result: Final result, Pass ya Fail.

Dataset Ka Maqsad

Is mini dataset ko AI model ko students ke study hours, attendance aur previous marks ki bunyaad par result predict karne ki practice ke liye use kiya ja sakta hai. Is tarah dataset AI aur machine learning ko samajhne mein madad karta hai.

Name: _____ Class: _____
